

I'm **i**ntelligent

'I'd like to have the vision of my youth, but at what price? I wanted to know if LASIK is really safe? Is it worth-while for someone my age? I'm here because the answers are 'yes,' and that means LASIK is finally ready for my generation.'

i'm part of generation **i**

Your wait for laser vision correction surgery is over. Over a decade's worth of surgical know-how has gone into the creation of the iLASIK procedure. Not a single barrier remains: this is the time, this is the procedure, this is your life.

The "**i**" Changes Everything
